Castle Doctrine Suppressed — YouTube Censorship and the Living Man's Declaration | House of Muresan Scroll Entry — When the Truth Entered the YouTube Temple

But the Priests of Fiction Covered Their Ears
Documented by the House of Muresan — Selah Code 777

On the 26th day of July, in the year 2025, a comment was posted beneath a public YouTube video titled:

"***Castle Law: Do You Qualify Under Castle Doctrine in Australia?***"

The video, presented as truth, called upon viewers to await or demand statutory reform from within the Parliament of the Corporate State.

But the Living have already spoken.

The following message was declared in full view:

"*You do not need consent from a corporate government to invoke the Castle Doctrine. The House of Muresan has already made this lawful and spiritual stand — without Acts or Statutes.*"

 The Living are not citizens. We are not property of the State.
We stand in Law, not under it.

You Don’t Need Permission to Live Free – The Castle Doctrine Already Exists
Respectfully, we must discern the trap in codifying what already belongs to the Living.
The proposed “Castle Law” in Australia may appear like a remedy – but beware: anything granted by statute can be taken by statute.
A real castle needs no Act to exist. It is a spiritual and lawful truth. Your home is your sanctuary – under divine

authority, not corporate legislation.

I've published two scrolls that expose the danger of redefining this ancient right through modern law:
– The Castle Doctrine – Trojan Horse? Hidden Control Through Legislation
– Castle Law Eligibility – Hidden Control Through Doctrine

These scrolls declare: We are not under the NAME. We are not under fiction. We are the Living.
We've already lawfully and spiritually asserted this in Tasmania, including:
– Representation to Huon Valley Council – The Castle Doctrine Reaffirmed

The Living do not seek permission from the State. We declare it.

As for me and my house – the Doctrine stands.

In Truth and Honour,

Observation:

Other viewers have since reported that their comments were also deleted – suggesting a deliberate moderation effort to suppress spiritual and lawful truth.

We make no accusations toward the creators or the politician involved. But it is evident:
This is a staged Temple. The Priests of Fiction guard the door.
