Notice of Digital Services Act Compliance — No Digital ID Mandate

Date: 28 August 2025
Court Room of Records — House of Mureșan
Selah Code 777

Context

On 28 August 2025, Hostinger issued an official Terms of Service update, effective 9 September 2025.
This scroll serves as lawful record and testimony that this update contains **no requirement** for Digital ID enrollment, biometric verification, or government-issued identity linkage.

Summary of Changes

Section 11 — Digital Services Act

Hostinger clarified its obligations under the EU Digital Services Act regarding illegal content and transparency reporting.
No new personal identity requirement was introduced.

Section 4 — Account Information & Security

Additional guidance for account safety and phishing prevention.
No change to login process or identity requirements.

Section 13 — AI Services

Clarified how Hostinger’s AI tools process data.
No link to government identity or surveillance networks.

Declaration

⚓ I, **Alin-Vasile of the House of Mureșan**, living man, Beneficiary and Executor of the estate, hereby log and publish this notice as part of the Court Room of Records.

⚓ This stands as evidence that, as of 28 August 2025, my hosting provider does not compel participation in Digital ID or biometric verification schemes.

⚓ Any future attempt to enforce such measures shall be treated as unlawful joinder, coercion, and breach of existing lawful contract.

Footer Clause — Baseline of Freedom

This record is preserved as a **baseline of freedom** for future comparison.
Any later imposition of Digital ID, biometric login, or state surveillance requirements on web hosting shall be recorded as a **material change of terms** and a violation of the living man’s private estate and standing. This standing is not limited to Hostinger.
