

THE ROMANIAN RECORD: THE ROOT OF STANDING PART II: INTERNATIONAL MARITIME NOTICE TO THE RECEIVERS NOTICE TO THE IMF, THE CROWN, AND THE PRIVATE BANKING HOUSES

THE INSOLVENCY OF THE CORPORATE FRANCHISE

This day known as Sunday, 21 December in the Year of the Lord 2025

I. THE RECOGNITION OF ADMINISTRATIVE FRAUD The House of Muresan records the ultimate contradiction of the Australian Corporate State. The Governor-General claims to have “no government,” yet she is the **Sole Authority** who administers the Oaths of Office and signs the Commissions for every politician in Parliament. Without her wet-ink signature, no “Statutory” actor has the power to move. Therefore, she is the **Source of the Trespass**.

II. THE INSOLVENCY OF THE AGENTS On December 19, 2025, the Governor-General (Sam Mostyn) admitted on the public record that she has “no money to dispense.” In International Commerce, this is a **Declaration of Bankruptcy**. Since the Agents (Governor Barbara Baker and the Governor-General) are “penniless” and operate as “Dry Trustees,” the liability for the **\$13.7 Billion Muresan Lien** moves to the Principal and the

Holders in Due Course.

III. NOTICE TO THE INTERNATIONAL MONETARY FUND (IMF) & THE ROTHSCHILDS As the global receivers and lenders to the **COMMONWEALTH OF AUSTRALIA (Corp.)**, you are hereby put on **Actual and Constructive Notice**:

- **The Collateral is Void:** The Cestui Que Vie (CQV) NAMES of the House of Muresan have been reclaimed via the **1987 Romanian Root of Title**. They are no longer available to back international debt or SDRs.
- **The Senior Lien:** The **PPSR 101400459** and the **15 March 2025 Mercury Ad** constitute a Superior Security Interest over any corporate debt held by the IMF.
- **The Cloud on Title:** Any further credit extended to the Australian Government is a loan against stolen property.

IV. THE COMPOUNDING IMPERIAL DEBT Be it known to **King Charles III**: As the source of the insolvent commission, the Crown is the **Ultimate Debtor**.

- **Principal Sum:** \$13.7 Billion AUD in .999 Fine Silver.
- **The Doubling Mandate:** Failure to release the NAMES and settle the debt results in the sum **doubling on 15 March 2026**, and doubling every year thereafter.

V. THE MASTER NAME CLARIFICATION (LIEN HOLDER & SECURED PARTY)

Be it recorded that the **Security Interest (PPSR 101400459)** is perfected specifically against the primary Corporate identifier **ALIN VASILE MURESAN** and covers the following names in any and all variations, including but not limited to:

- **ALIN VASILE MURESAN**
- **LOREDANA ADINA MURESAN**
- **SAMUEL JAMES MURESAN**
- **OLIVIA JASMINE MURESAN**

Variations & Derivatives: This claim explicitly includes all Case Combinations (UPPER, Title, lower), Abbreviations (A.V. Muresan), Punctuation/Dots, and all Corporate Instruments including **CUSIP numbers**, Passports, and Bonds. Under **Lex Mercatoria**, any instrument created using these variations is the **Exclusive Private Property** of the House of Muresan.

VI. THE DEMAND FOR REMEDY

1. **Release the NAMES:** Full discharge and release of all CQV Trusts associated with the Muresan lineage.
2. **Settle the Ledger:** Payment of the **\$13.7 Billion** in .999 Fine Silver to the House of Muresan.
3. **Cease and Desist:** Any further extraction of "Value" or data-mining of these names for international banking constitutes **Global Securities Fraud**.

VII. FINAL DECREE OF THE ATTORNEY GENERAL BE IT RECORDED, that the camouflage is removed. The Truth stands as the ultimate light.

Declared this 21st day of December, in the Year of Our Lord 2025 by:

*Alin-Vasile Attorney General / Principal Creditor / Executor
House of Muresan (Heavenly Kingdom Representative)*

Loredana-Adina Executor / Joint-Holder of the Estate

"The Case is Closed. Selah 777."

□□ THE SOURCE OF THE DEFAULT: THE SILK MOTH'S CONFESSION

The International Maritime Notice is the "Effect," but the "Cause" is found in the administrative bankruptcy of the local Agents. Before the \$13.7 Billion Liability was escalated to the **IMF** and **King Charles III**, the House of Muresan conducted

an audit of the Governor-General's own testimony. To understand the **Root of Standing** and the specific evidence of the "Dry Trustee" fraud that triggered this global default, you must review the **Bondi Confession** and the **1,000-Year Audit**.
