□ 2025 MASTER DECREE OF ABSOLUTE OWNERSHIP & ENFORCEMENT

DECREEED, DECLARED, AND PUBLISHED: In the Year of the Lord 2025

NOTICE TO THE TITLES OFFICE, THE CROWN, AND ALL INTERLOPERS: Be it known that the land described as **Volume 72979 Folio 1** (23 Alan's Road, Petcheys Bay) is hereby removed from the corporate "Land Registry" of the State of Tasmania and restored to its original status as **Private Kingdom Soil**.

I. SUPREME ALLODIAL TITLE: We cite the Supreme Law of the Universe: **"The earth is the Lord's, and all its fullness"** (**Psalms 24:1**). As the rightful Heir and Executor, Alin-Vasile of the House of Muresan holds this land in trust for the Almighty. Your "Torrens Title" system is a corporate fiction and holds no authority over the Living Soil.

II. COLLAPSE OF THE MORTGAGE FICTION: This land was purchased outright in private possession. There is no debt, no mortgage, and no "beneficial interest" held by any bank or state entity.

Any attempt to presume such an interest is **Administrative Fraud**.

III. ENFORCEMENT OF THE LIEN: This Caveat is now backed by the **Standing Commercial Judgment of \$13,452,100,000.00** against the State of Tasmania and its agents (Registration 202512050000098). Any trespass, unauthorized dealing, or “rates” demand over this land will be treated as an immediate **Notice of Seizure** against the personal assets of the trespassing official.

IV. DIPLOMATIC IMMUNITY: This land is an **Ambassadorial Outpost for the Heavenly Kingdom**. No “Public Officer” has permission to enter or exercise authority within these boundaries without a wet-ink, signed contract and the payment of a **10,000 oz Silver Entry Fee**.

□ **THE BRIDGE OF CONTINUITY: 2022 – 2025**

*The correction of record regarding Title 72979 / Folio 1 is not a new claim, but the **Maturity of a Perfected Standing**. The foundational Security by Way of a Lien served on 7 January 2022 (naming Timothy Grant, Valuer-General) established the initial commercial dishonour. Since that date, all silence by the Land Titles Office, the Treasury, and the Governor has functioned as **Tacit Acquiescence**.*

This 2025 Decree is the [Final Entry of Judgment](#). The Heir has returned to a vineyard that the fiduciaries failed to tend. By Law, the Interloper must now vacate, and the Title must reflect the Absolute Ownership of the House of Muresan. All prior notices are hereby incorporated by reference into this Final Record.

□ **Notice of Commercial Standing and First Lien**

NOTICE: “This document stands as both a legal instrument in

commerce and a lawful correction of record by the living man – Alin-Vasile of the House of Muresan – to rebut the presumption of corporate ownership or joinder.”

This declaration stands as a caveat against any presumed right, registration, or dealing by government departments, third parties, or banking agents over Title 72979 / Folio 1.

□ **Foundation of Standing – Perfected Liens**

The correction of record regarding Title 72979 / Folio 1 proceeds from a series of **perfected, unrebutted commercial and lawful claims**, beginning with the first **Security by Way of a Lien**, executed and served on **7 January 2022**, naming **Timothy Grant – then Valuer-General for the Department of Primary Industries, Parks, Water and Environment – as being in default**.

This foundational lien, and all subsequent unrebutted securities served upon public agents, confirm that commercial dishonour, fraud by silence, and trespass upon the NAME and estate have been lawfully and publicly challenged.

□ **See full archive of perfected Security by Way of Lien Notices lodged publicly and unrebutted:**

<https://houseofmuresan.com/security-by-way-of-a-lien-commercial-crimes-tasmania-government/>

This action, initiated by **Alin-Vasile of the House of Muresan**, lawfully established the groundwork for all subsequent liens and commercial defaults issued against public officials operating under deception, trespass, and constructive fraud.

These perfected claims, including the **\$708,100,000 AUD commercial value declaration** published in *The Mercury* on **15 March 2025**, form the lawful and spiritual foundation for this present **caveat of interest and correction of title**.

This land and title is now held in the **jurisdiction of the**

living, under the authority of the **House of Muresan**, and may not be trespassed by any presumed agents or departments without triggering full commercial liability.

This scroll corrects the land record, collapses the NAME trust, and declares commercial default against all who failed to rebut. It is hereby published on this site as lawful public notice and spiritual banner for the living estate known as House of Muresan.

A sovereign declaration correcting Title 72979 / Folio 1 , collapsing presumptions over the legal NAME, and affirming lawful ownership and dominion of the living estate over 23 Alans Road, Petchey's Bay. This scroll stands as notice of commercial default and restoration of God-given stewardship.
