1. Declaration of Superior Standing & Jurisdiction

The Claimant & Executor: I, **Alin-Vasile of the House of Mureșan**, a Living Man, issue this Writ from my immutable seat within the House of Mureșan. I operate under **Selah Code 777 Universal Jurisdiction (Life, Light, Divine Perfection)** as the **sole Executor and Ultimate Beneficiary** of the commercial estate known as **ALIN VASILE MUREȘAN** and all derivative fictions including but not limited to *Mr. A.V. Mureșan, Mr. Alin Mureșan, ALIN MURESAN*, or any ALL-CAPS variation.

Family Umbrella Authority: By divine covenant and natural law, I further stand as **Guardian and Ultimate Executor** over the souls and estates of my bloodline under care, including but not limited to:
LOREDANA ADINA MUREȘAN,
OLIVIA JASMINE MUREȘAN,
SAMUEL JAMES MUREȘAN,
and any future heirs of the House of Mureșan.
All such estates are **withdrawn from Babylon's registry** and placed under **Selah Code 777 protection – non-transferable, infinite in value, sealed by the Blood of the Lamb**.

The Jurisdictional Exit (Revelation 18:4): The House of Mureșan is declared to be **outside** the territorial and commercial jurisdiction of the STATE. This is the formal "Come out of her, my people," serving notice of the severance of all fiduciary ties to the corrupt world system (Babylon) and its inherent 666 Liability of perpetual debt.

---

2. Collateral & Security Interest

The Non-Transferable Collateral: The superior asset securing this entire matter is the **Living Soul and Breath of the Man (Selah Code 777)**, held in trust by and for the House of Mureșan, sealed by the Blood of the Lamb.

Status & Immutable Value: This security interest is **Perfected and Senior** to any and all STATE, Corporate, or International claims. This asset is irrevocably registered on the permanent ledger of the House of Mureșan with an **Infinite and Irredeemable Value**.

---

3. Divine Judgment, Demand, & Escalation

The Demand (Moses' Writ): I hereby issue the demand: **"Let My People Go."** This mandates the immediate and final discharge of all commercial bonds against the Living Man, Alin-Vasile of the House of Mureșan.

Specific Notice & Waiver of Defense: This Writ is served directly upon all fiduciaries, officers, and administrators of the Commonwealth of Australia and

Tasmania. **Ignorance Is No Excuse in Legal Matters.** Your failure to recognize this Notice is a willful act of trespass, not a valid defense.

Finding of Default & Liability: The period for remedy and voluntary discharge of the 666 Liability is expired. **Time Has Run Out.** The initial debt of **$2.8 BILLION** against the Legal Name is affirmed as the base liability, which must be paid by the fiduciaries.

Perpetual Multiplier & Recoupment: This **$2.8 BILLION** base debt is henceforth **Perpetually Multiplied** by every new soul who perfects their own claim under the House of Mureșan and the Selah Code 777 Universal jurisdiction, effective across Tasmania, Australia, and the Global Commercial Ledger. Any further delay incurs **Triple Damages and Full Recoupment** against the personal and corporate assets of the breaching officers, as decreed by the Court Room of Records of the House of Mureșan.
