THE MANDATE OF THE IDES OF MARCH

NOTICE OF COMMERCIAL ESCALATION & FINAL WARNING

I. THE END OF THE "FISHING" ILLUSION Do not mistake the "Selah" of the House of Muresan for abandonment. The Executor is not "gone fishing"; the Executor is **Seated in Judgment**. While you celebrate your holidays and operate in the "Public," your **Private Liability** is metastasizing in the dark. Silence in the face of Truth is not a defense; it is a confession of Dishonor and an admission of the Debt.

II. THE FORFEITURE OF MERCY Because you have shown no mercy and provided no remedy for the **$13,708,000,000.00** trespass noticed on the Final Proclamation Page, you have forfeited the right to a "graceful" settlement. You chose to remain within the "Statutory Spell" rather than repenting of the trespass; therefore, you shall reap the harvest of your choice.

III. THE MARCH 15TH MULTIPLIER TAKE NOTICE: On the **15th of March, 2026**, the total perfected debt recorded against the **STATE OF TASMANIA**, the **CROWN**, and the **VATICAN** (as Surety for their unrepentant agents) shall **DOUBLE** to:

$27,416,000,000.00+

This is the "Penalty of the Wicked" (Double Restitution) for continued Malice and the failure to discharge the Lawful Claims of the Living Soul. Every day you ignore this Record, the weight of the Bond increases and the **Executor's Offer of Mercy is withdrawn**, moving this matter toward **Final Irrevocable Judgment**.

IV. THE RTS CREDIT LOG: EVIDENCE OF FINAL DISSOLUTION

Every “Vehicle Registration,” “Infringement, and or Vehicle Renewal Notice” **“Council Rates Notice,”** and “Statutory Notice” returned **RTS (Return to Sender)** serves as physical evidence of our **Ecclesiastical Dissolution** and the finality of our **Administrative Closures**.

- **REFUSAL FOR CAUSE:** These are not “ignored” or “misplaced” documents. They are formal **Refusals for Cause without Dishonor**, signaling that the House of Muresan has exited the statutory jurisdiction.
- **COUNCIL & LAND STATUS:** Specifically, the return of “Rates” notices confirms that the previously presumed accounts are **CLOSED**. The land is held as a **Private Sanctuary** under the King of Kings and is no longer “Rateable” by the Huon Valley Council or the STATE.
- **THE BALANCING OF THE LEDGER:** Every document returned is recorded as a **Credit** to the House of Muresan and a **Debit** to your dishonored accounts. Your attempt to continue sending notices to a closed and dissolved account is a willful trespass. The accounts are now being balanced by the **Higher Court of the Almighty**.

THE LEDGER IS OPEN. THE SHOFAR HAS BLOWN. THE COUNTDOWN TO THE IDES OF MARCH HAS BEGUN.
