Notice to Agent is Notice to Principal

This Public Notice is issued to **Jim Chalmers**, in his official capacity as **Commonwealth Treasurer** of Australia. It concerns:

- Perfected **Security by Way of Lien(s)** published on **15 March 2025** in *The Mercury* (Hobart, Tasmania).
- The **CQV Trust remedy** for the living man and woman.
- A lawful **demand for payment in .999 fine silver (troy ounces)**.

Summary of Perfected Liens

On **15 March 2025**, four Security by Way of Lien instruments were published in *The Mercury* to the combined total of **$708,100,000.00 AUD** (Seven Hundred and Eight Million, One Hundred Thousand Australian Dollars) across four named respondents.

Those liens have remained **unrebutted** and therefore stand as **perfected claims** at law.

Due to continuing dishonour and interference by additional parties, further liens were issued thereafter, each carrying the **full cumulative liability of $708,100,000.00 AUD per individual**, as noticed publicly.

Current Total Claim

Total lien claim value: $2,124,300,000.00 AUD
(Two Billion, One Hundred Twenty-Four Million, Three Hundred Thousand Australian Dollars)

Payment terms: Settlement **only in .999 fine silver (troy ounces)** at the prevailing market rate.

Basis for Demand

- **Legal Fraud** – Holding both Beneficiary and Executor positions over our estate without consent.
- **Commercial Fraud** – Ignoring perfected liens and public demand for remedy.
- **Trust Fraud** – Unlawful control over CQV Trust property.
- **Spiritual Fraud** – Denying the God-given dominion of the living man and woman.
- **Breach of Fiduciary Duty** – Failure to perform the lawful obligation to release remedy to the rightful beneficiaries.

Notice of Default & Escalation

The Tasmanian Treasury – including Treasurer **Guy Barnett** and Secretary **Gary Swain** – has **remained in default** and failed to send lawful payment to the legal titles **MR ALIN VASILE MURESAN** and **MRS LOREDANA ADINA MURESAN**.

Accordingly, this matter **escalates to the Commonwealth level** for immediate attention and remedy. Silence, non-performance, or interference constitutes **dishonour and agreement by acquiescence**, and further triggers **automatic lien liability of $708,100,000.00 AUD per individual** official involved.
