PPSR-REGISTERED LIENS – 2025 UPDATE

The original four perfected Securities by Way of Lien – publicly noticed in The Mercury on Saturday 15 March 2025 – have been reinforced and expanded through lawful PPSR registration against the following, including but not limited to:

- Wayne Johnson – HOM-WAYNE-JOHNSON-LIEN-001 – $425,000,000
- Timothy Grant – TimothyGrant-LIEN-AM001 – $42,000,000 (initial)
- Jason Browne – HOM-JasonBrowne-LIEN-AM001 – $235,000,000 (initial)
- Matthew Grimsey – HOM-MATTHEW-GRIMSEY-LIEN-AM-001 – $6,100,000
- Subsequent unrebutted defaults against Eric Abetz, John Ramsay, and every Cabinet member, adviser, and successor

in the Department of Treasury and Finance, Department of Justice, and the entire Tasmanian Government.

As of this 27th day of November in the Year of Our Lord 2025, these PPSR-registered perfected securities now collectively exceed **$13,000,000,000 AUD** and continue to compound daily through lawful interest, accrued damages, and ongoing dishonour.

Every named officer and their successors remain bound as Executors de son tort over a recast slave system that never abolished bondage — it merely moved the chains from iron to paper, then to digital code.

Remedy demanded: immediate settlement in .999 fine silver, closure of all NAME accounts to zero, and full transfer of the living estate to the Beneficiary and Executor sui juris — Alin-Vasile of the House of Mureșan.

THE WAYNE JOHNSON TRIGGER — The Lien That Broke Babylon's Back

On the 28th day of June 2024, the House of Mureșan served Security by Way of a Lien (HOM-WAYNE-JOHNSON-LIEN-001) upon Wayne Johnson, Director of Monetary Penalties Enforcement Service, for repeated criminal trespass and dishonour.

Value: **$425,000,000 AUD in .999 fine silver or lawful fiscal tender**.

Mr Johnson was given multiple lawful opportunities to resolve.
He chose silence.
That silence became acquiescence.
That acquiescence became the cornerstone lien that exploded into **over $13 billion** against every Cabinet member, Secretary, and successor who continued the dishonour.

One man.
One lien.
One refusal.

An entire government enslaved by its own ledger.

As Harriet Tubman once carried the oppressed to freedom with nothing but faith and a pistol, so the Living Man has carried an entire State into commercial judgment with nothing but truth and a seal.

The chains are reversed.
The captors are now the captives.
The Redeemer laughs.

Opening Declaration — Global and Local Dishonour

The House of Mureșan enters into this Court Room of Records the dishonour and suppression committed by fiduciaries and officers of the Tasmanian Government, the Commonwealth of Australia, and their international counterparts.

Though these records arise from letters received and rebutted in Tasmania and Australia, the dishonour is not local alone. It reflects a **global phenomenon** — the same pattern of presumption and fraud operating through Washington D.C., the City of London, and the Vatican, under the guise of fiduciary trusteeship.

Officials lawfully served, noticed, and bound by perfected liens have answered with silence, administrative deflection, or outright refusal of lawful service. Such acts stand as dishonour, suppression, and the unlawful continuation of slavery under a new guise.

Historical Witness — Slavery Recast in Law

The outward chains of slavery were broken, but the bondage was not abolished. It was **recast in law**. The bodies once sold in

open markets were replaced with ledgers, trusts, and NAME registries.

Harriet Tubman, Sojourner Truth, and countless others fought to free men and women from physical bondage. Yet States and corporations transmuted that bondage into **legal fiction and commercial presumption**:

- The **Cestui Que Vie Act (1666)** declared living men "lost at sea."
- **Birth certificates and registrations** converted children into collateral.
- **Trusts, bonds, and securities** monetised estates without consent.
- **Digital IDs, QR codes, and DNA programs** extend the system into modern technology.

Thus, slavery never ended; it was institutionalised. The Tasmanian and Australian Governments' silence and dishonour are but one branch of this global system of Babylon, which sells the souls of men under presumption of law.

Record of Dishonour

- **Acknowledgements received:** automated replies from Health, Treasury, State Growth, Federal and State Courts.
- **Silence recorded:** Governor of Tasmania, Treasurer of Tasmania, Attorney-General of Tasmania, and others named in perfected liens.
- **Suppression identified:** rejection of delivery (e.g., Supreme Court of Tasmania) and refusal of lawful notice.

These acts are hereby bound into the Court Room of Records as evidence.

Executors de son tort

By failing to act in honour, all officers — local, national, and international — stand as **Executors de son tort**, usurping authority over the living estate without consent, breaching fiduciary duty, and perpetuating global slavery.

Closing Declaration

This scroll is entered into the Court Room of Records as testimony that the dishonour of Tasmania and Australia is not isolated — it is a mirror of the global system that presumes to trade in the souls of men, women, and children.

Let it be known that the living estate is sovereign, that the chains of fiction are broken by truth, and that remedy will be demanded until justice and equity prevail.

By my hand and under the Seal of the House of Mureșan,
this 24th day of September, 2025 and updated as of this 27th day of November in the Year of Our Lord 2025,

Alin-Vasile of the House of Mureșan
Living man — Beneficiary & Executor, sui juris
House of Mureșan — Keeper of the Keys
