🕯️ SCROLL OF WARNING: THE CASTLE DOCTRINE TROJAN HORSE

🔔 **UPDATE (26 July 2025):** A new scroll has been published documenting YouTube's censorship of the Castle Doctrine. It reaffirms the standing of the Living beyond Acts and statutes. 📜 **Read: Castle Doctrine Suppressed – YouTube Censorship and the Living Man's Declaration**

THE PROPHETIC WARNING

To whom it may concern, and to all members of the purported Government of Tasmania and Australia, let it be recorded publicly and permanently:

> ***"If the State grants a right – it can redefine it. But if the right is inalienable, no Act of Parliament may touch it."***

The House of Muresan issues this scroll to address the movement among certain States in Australia to pass the "Castle Doctrine" under Acts and Statutes. We issue this not from fear, but as a living testimony of our standing and a lawful and spiritual warning.

⚖️ Why Would a State Codify the Castle Doctrine?

Because once codified, they control the narrative, define the limits, and restrict who qualifies. They seek to say:

- It does not apply to non-payment of unlawful council rates.
- It does not protect against corporate enforcement like debt recovery or foreclosure.

- It is only valid if the State agrees you are the "lawful" occupier.

This is not protection — this is a leash.

⚖ WE ARE NOT UNDER ACTS AND STATUTES

The living members of the House of Muresan do not consent to corporate governance. We reject all presumptions of citizenship, legal fiction, or personhood created by the *Cestui Que Vie* Trust system. We stand not under a corporate "version" of the Castle Doctrine, but under the true and original common law principle:

> ***"A man's home is his castle." — Sir Edward Coke, 1604***

🏛 OUR HOME HAS BEEN DECLARED SINCE 2022

We publicly declared our sacred standing over the land at 23 Alans Road, Petcheys Bay, in 2022. We have issued multiple perfected and unrebutted **Securities By Way of a Lien** against agents of the State who presume to trespass upon our sacred estate, including:

- The Treasurer of Tasmania (Guy Barnett)
- The Governor (Barbara Baker)
- The Public Trustee
- Wayne Johnson (MPES)
- Lachlan Kranz (Huon Valley Council)

⚠🏛 FINAL WARNING TO THE STATE OF TASMANIA

If you codify the Castle Doctrine under legislation, you are doing so to control it, license it, and remove it at will. **The Castle Doctrine is not yours to give.** It is ours by divine inheritance, by common law, by natural law, and by the blood

of those who died to protect it. It is not granted by parliament — it is acknowledged by God.

The Castle Doctrine is already in place. It is spiritual. It is ancient. It is irrevocable.

We do not consent to your statutes. We do not require your legislation. We do not bow to your corporate governance. You have no authority over the dwelling of the Living. We answer to God alone.

So declares: Alin-Vasile of the House of Muresan, *living man* **Loredana-Adina of the House of Muresan,** *living woman* **And their heirs and successors.**
