You Are Not the Card – Dream of Licence Renewal & Golden Name

Scroll of Living Testimony Dream Testimony

I had a dream in 2025 before the driver licence renewal was received in the mail, addressed to the Legal Fiction NAME.

In the vision of the night:

“Alin, I am here to tell you: You are not the Card! I repeat: You are not the Card! We sent you the wrong card!”

Then I saw a Golden Card with my name in gold, the card I was meant to receive – a card that represents freedom, living status, and heavenly acknowledgement.

Interpretation of the Dream

I awoke from the dream and went to my mailbox. Sure enough, there was a driver licence renewal letter addressed to the legal fiction, not to me, the living man.

I understood that:
1. The NAME on the licence is not me.
2. The driver licence is a control instrument of the fiduciary system.
3. The living man exists in private jurisdiction under God, not as the NAME.

The dream confirmed what Heaven already showed: I am not the card, nor the licence, nor the NAME. I am alin-vasile of the House of Muresan, the Beneficiary and Executor of the legal

title, but not the fiction.

Spiritual and Legal Decree

I now give public notice:

– I am the living man.
– I am not the NAME, and I am not the card.
– I am redeemed by the blood of the Lamb, Jesus Christ.
– I am the Beneficiary and Executor of the legal title and any derivatives.
– The trust is collapsed. The State may no longer use the NAME without remedy.

When the fiduciaries denied diplomatic remedy on earth, Heaven answered. Our names are written in gold in the Book of Life, and now on earth, they appear on the Golden Private Travel Card, the card I was meant to receive.
